*Attendance at the PDAC 2020 Convention
and
Presentation at "Ireland: open for business"*

Arkle Resources PLC (LON: ARK), the Irish gold and zinc exploration and development company, is pleased to announce that it will be presenting at the Ireland forum at PDAC on 3 March 2020 at the Metro Convention Centre, Toronto, Canada.

Patrick Cullen, Chief Executive Officer of Arkle, commented, "PDAC brings together some of the leading mining companies and investors, providing an excellent forum to present and meet. We are here in response to interest from third parties that have reviewed our gold and zinc portfolio. Some of these discussions continue in response to the Stonepark Zinc strategic review announced at the end of 2019.

"We are also very pleased to have been invited by Geoscience Ireland, Geological Survey Ireland and Enterprise Ireland to present at the Ireland Day "Ireland: open for business". There has been a strong Irish presence at PDAC for many years and senior Irish government officials are in attendance this year again."

An updated presentation is available on the Arkle corporate website [here](#).

This new presentation provides a company overview and a review of the Company's two zinc joint ventures: Stonepark (with Group Eleven Resources Corp.) and Oldcastle (with Teck Ireland Ltd.); and Arkle's two 100% owned gold projects: Mine River and Inishowen.

The PDAC Ireland Day will be held on Tuesday, 3 March, 2020; Room 205D from 8:00 a.m., at the North Building, Metro Toronto Convention Centre, with keynote address by Sean Canney TD, Minister for Natural Resources.

PDAC is the world's leading convention for people, companies and organisations in, or connected with, mineral exploration. The convention typically attracts over 25,000 delegates from around the world. For further information please visit <http://www.pdac.ca/convention>.
